HAPPY NEW YEAR 2017 !

Although some spanish productions have been damaged by the rainy time in december. The lemon's one is still with good volume and a very good qualité . Clementines varieties from now are much better, the quantity is smaller.

Concerning Almeria veg, volume and quality are still available but not enough to satisfy the increasing demand of European Markets.

A NEW BOX FOR A NEW YEAR !

Miss Tonic continues to be interested in the citrus, is still **looking for better way to promote the lemon**, to be more competitive.

A new and fashioned box is arriving in january. A box without net in order to show to the customers the attractive selection. We can be proud of the hard work did by the producer.

Thanks to this partnership, we are able to offer a top fresher quality.

The Murcia's "earth of spanish lemon" production starts in October and finishes in July. Mt proposes these packaging for all the customer's need ; (5kgnet / 6kgnet / 10kgnet / 15kgnet / Ifco / Girsac 1 kilo / 500grammes)

Don't hesitate to contact Miss Tonic for program and special order.

MISS TONIC AND THE CLEMENTINE

From october to february, MT is in charge to promote and organise the leaves clem' production of his partner. **Candayafrutas from Murcia is a Recognized producer for his know-how and the quality of his products.** His fields are from Murcia to south of Valencia. Passionate and hard worker, he's still producing tasteful varieties. From the clemenruby to the last varieties as Nadorcott. His process is always the same : cut the fruits in the morning, select and pack the daily recolt in the afternoon and load the orders in the evening.

More fresh can be impossible, isn't it ;)
