

PASSION FOR THE BEST QUALITY

Miss Tonic is still exporting his primofiori lemon and mandarine with leaves.

But now, it is time of the tomatoes. Wine tomatoes and tomatoes, woodenboxes and carton. Everyday, we can supply you with a very nice quality. That's why, we present you our two favorites producers.

WINE TOMATOES : MY CRUSH FROM ALMERIA

Miss tonic is specialised in citrus and stones fruits. However, we are always looking for gorgeous production as **wine tomatoes from Miguel M.**

He is a lover of his profession. **He is a passionate and just a nourishing producter as he said.** Situated opposite Roquetas de Mar (Almeria Spain).

He has 3.3 hectares based on quality: integrated pest management, reduction of cluster. that we are so proud to export by Goostar all over European countries. It is always a pleasure to visit him.

We do our best to offer you the most beautiful , tasteful and healthiest product.

TOMATOES: THE GOLD APPLE

Juan J. is a young and passionate producer of tomatoes. His 2.2 hectares are in San Jose (Almeria Spain).

From the beginning, he chose an integrated pest management production. His purpose is to grow up still producing high quality. As for wine tomatoes production, we expand his recolt by Goostar from november to may.

An average of 400 000 kilos which are producing with the perfect respect of the plants. In 2018, heating system will be installed in order to offer you during all the season the same top quality.

An additional work to get even better. Don't hesitate to test our gold apple.
